Work Experience

WEB DEVELOPER @ Internpe, Jaipur Link

July 2023 - Aug 2023 (1 month) | Part-time

• During Internship I have complete many projects like Airpods landing page, Basic calculator, Netflix Clone & To-Do-List

• During my internship at Interpe, I achieved notable accomplishments including developing new website features, optimizing performance, and contributing to successful marketing campaigns, ultimately driving positive outcomes for the organization.

• During my internship at Interpe, I also collaborated with cross-functional teams to implement innovative solutions, streamline processes, and enhance overall organizational efficiency.

Skills Developed: HTML, CSS, Javascript

Frontend Developer @ Octanet, Bangalore Link

July 2023 - Aug 2023 (1 month) | Part-time

• During my one-month internship with Octanet Company, I gained valuable hands-on experience in web development. Using HTML, CSS, and JavaScript technologies.

• I actively contributed to building dynamic and visually appealing websites. Collaborating with the talented team, I learned to optimize code for better performance and accessibility. Through this linked experience profile, I proudly showcase my ability to create responsive layouts, implement interactive features, and troubleshoot issues efficiently.

• The internship at Octanet provided me with a solid foundation in web development and strengthened my passion for creating innovative digital experiences.

Skills Developed: HTML, CSS, Javascript

Projects

Youtube Clone

• Developed a completely useful YouTube Clone making use of HTML, CSS, and JavaScript.

• Implemented a responsive person interface, permitting seamless viewing across exceptional devices and display screen sizes.

• Designed and based the frontend the usage of HTML to create the main layout and factors of the application. Utilized CSS to style and decorate the visible appeal of the YouTube Clone, ensuring a present day and consumer-friendly interface.

Skills Developed: HTML, CSS, Javascript
